COMMENTS:

I wholeheartedly (Do not)  
want this Yucca Mountain project  
in our fair state. I've heard enough  
doubtful information on the safety  
to have a healthy fear of not  
only the storage but the transferring  
of the waste.

PLEASE Do not bring it to  
NEVADA!!

Please note: Your comment(s) must be received by the Department of Energy by June 1, 2004 to be considered. Comments received after the close of the comment period will be considered to the extent practicable.

If you prefer to mail your comments, you may use the back side of this sheet as a postage-paid, self-mailer. To do so, fold in thirds along the dotted line so the address and postage-paid notice are visible, then secure with tape.

Please feel free to attach additional pages (if mailing, more postage may be needed).
